Sorry

Nerf Herder

Sorry we broke up, sorry I missed you
Sorry I wanted only to kiss you
Sorry I promised to love you forever
Made you feel guilty, oh when you left me
Sorry I showed up at your party
Sorry I drank up all the Bacardi
Sorry I puked up on your bedspread
Sorry I wanted to be your boyfriend againWhat can I do?
It's over, it's over, it's over
What can I do? I am the loserSorry I saw you and I heard birds sing
Sorry I touched you and I heard bells ring
Sorry I jacked off outside of you window
While you were sleeping
I thought you'd never know
Sorry I showed up at your wedding
Sorry I tried so hard to get in
Sorry I screwed up your picture
Sorry I had sex with your sisterWhat can I do?
It's over, it's over, it's over
What can I do? I am the loserSorry we broke up, sorry I missed you
Sorry I wanted only to kiss you
Sorry I promised to love you forever
Made you feel guilty, oh when you left me
Sorry I showed up at your dinner
Sorry I said those things to you father
Sorry I crashed throught your window on acid
Sorry I made a mess, sorry I bled to deathWhat can I do?
It's over, it's over, it's over
What can I do? I am the loser
