# Amanda

## Ace Troubleshooter

Amanda talks about herself
Forever and a day she'll have her way
Amanda talks about nothing
But she'll make you think it's poetry
And it's too bad, she's only seventeen years oldShe's too young, yeah
She's too youngAmanda talks about herself
But when she sings it's gold
And it's too bad, she's only seventeen years oldAmanda thinks about herself
Forever and a day she'll get her way
Amanda thinks about nothing
But she'll make you think it's poetry
And it's too bad, she's only seventeen years oldShe's too young, yeah
She's too youngAmanda talks about herself
But when she sings it's gold
And it's too bad, she's only seventeen years oldOld enough to know that she's too young
To just come knocking on my door
Can't take the girl no more
