

# Amanda

## Ace Troubleshooter

Amanda talks about herself  
Forever and a day she'll have her way  
Amanda talks about nothing  
But she'll make you think it's poetry  
And it's too bad, she's only seventeen years oldShe's too young, yeah  
She's too youngAmanda talks about herself  
But when she sings it's gold  
And it's too bad, she's only seventeen years oldAmanda thinks about herself  
Forever and a day she'll get her way  
Amanda thinks about nothing  
But she'll make you think it's poetry  
And it's too bad, she's only seventeen years oldShe's too young, yeah  
She's too youngAmanda talks about herself  
But when she sings it's gold  
And it's too bad, she's only seventeen years oldOld enough to know that she's too young  
To just come knocking on my door  
Can't take the girl no more
