

# Same Boat (feat. Melaniie)

## Sammy Johnson

Verse 1:

Whether you work a 9 to 5

Trying your best to stay alive (Is that you, is that you)

Whether your up in school actin up like a fool

Cause you don't want to be there (Is that you)

Whether you work in a skyscraper with all

The money in the world (Is that you, is that you)

Whether you drink all day waiting

For your next pay so you can do it all again (Is that you)Pre-Chorus:

You see I learned a bit about love

and its all about what you can give

I said I learned a little bit about love and

It's all about what you can give

Lets work in the same boat together

Chorus:

So lets make it better for you (For you & me)

Cause we're in the same boat together

So lets make it better for you (& me)

Won't you help me say

Oh woah woah x3

Sayin wa yo yo yo

Verse 2:

Hey yeah yeah

You see we only got this life

So why we steady busy wasten it

(Is that you, is that you)

But too concerned with fame

And we'll try to play the game

When we don't even know the rules (Is that you)

We're so quick to judge another

When we don't even know it all (Is that you, is that you)

Instead lets lend a hand and help our fellow

Man because that is the bigger plan (Is that you)

Pre-Chorus

Chorus
