

Work from Home (feat. B.o.B)

Jordin Sparks

Tell me why one day seems so long
When you're gone, ain't no sun
No waves in the ocean
What if I could just make you my job?
I would be so devoted, I need a promotion
Boy, when I get home, I'm a work hard
Cause you work hard, like I do
I'm a work hard when I get home
Cause I work hard on you
Boy, when I get home, I'm a work hard
Cause you work hard, like I do
I'm a work hard when I get home
Cause I work hard on you
And now it's just a million miles away
But now I'm right here
In yo face, in yo place, air is ventin' up
There's nothin' left for me to say
Comin' here, we need to play
To fulminate and be the same
Oh, baby you're with all my energy
And oh, workin' until midnight, fall asleep
Boy, when I get home, I'm a work hard
Cause you work hard, like I do
I'm a work hard when I get home
Cause I work hard on you
Boy, when I get home, I'm a work hard
Cause you work hard, like I do
I'm a work hard when I get home
Cause I work hard on you
And now it's just a million miles away
But now I'm right here
