

# Do Me Now (feat. Hit-Boy)

## K. Roosevelt

Fina grab you by your waist, take you for a ride  
Kiss you from your neck to your thighs  
Grab me with your legs looks me in the eyes  
Wanna get your temperature risePut you on the table  
Or the counter or the floor  
Doesn't matter I just want you right now  
Whisper in my ear girl, tell me how I turn you on  
Tell me that you call me alongAnd try to kiss you on your neck  
While I'm feeling on your booty  
Ye we creaming before we even getting to it  
It gets a little tighter all up in your mind  
Got you going crazy and I know what's next  
I know you can't fight it girlDoing what you doing like  
Doing what you doing what you doing like  
I love the way you do it what you doing like  
Keep doing what you doing 'cause you do it right[Chorus]  
Baby I'm horny and I could give you all the things you like  
So relax for me , I ain't gonna keep you waiting all night  
I got you saying do me now , do me now  
Uuuh don't stop  
Just do me now, do me nowSaid I love the way you touch me baby  
You deserve a round of applause  
Uh for just what you doing  
Uhh I need to keep you around  
So say you'll run for me yeah  
Go ahead and kiss it , stroke it, bite it  
It's a little way I write it  
When I stroke it got it feeling like shit rolling  
About the goodnight, you know you can't fight it girlDoing what you doing like  
Doing what you doing what you doing like  
I love the way you do it what you doing like  
Keep doing what you doing 'cause you do it right[Chorus]  
Baby I'm horny and I could give you all the things you like  
So relax for me , I ain't gonna keep you waiting all night  
I got you saying do me now , do me now  
Uuuh don't stop  
Just do me now, do me nowI love the way you touch it baby (x4)Thank you, thank you  
Baby I should thank you  
Just for being you and how that ass looks from that angle

The body of a goddess and your face of an angel  
I'm 'bout to go to church and praise the Lord just 'cause he made you  
I see how you work it, take off your skirt quick  
Take off your shirt now , busy down that burkin  
I know them bitches hating you know how them birds get  
But don't be worried about them other hoes flirting  
You got my attention, you got my attention  
And you bad as fuck girl I should lock you in detention  
Wanna go off of the daughter give you pieces of my picture  
Whatever it takes to get it I promise you gonna feel it[Chorus]  
Baby I'm horny and I could give you all the things you like  
So relax for me , I ain't gonna keep you waiting all night  
I got you saying do me now , do me now  
Uuuh don't stop  
Just do me now, do me now
