Girl you're thinking bout your man  
I ain't gonna play like that  
Trying to be more than your friend  
Why you trying to hold back  
When you know what he do for you ain't as good as I do  
And if you take the time  
Why don't you find out I'm the one for you  
Tell me what you're thinking  
Tell me what's on your mind  
Girl my heart is sinking  
And I'm running out of time  
Girl no matter what they say  
Girl I ain't gonna play ya, not you  
And with all this paper brings all these haters  
It comes to  
And all I need is you to know  
I would never let you go  
No matter girl I ain't gonna play ya, not you  
Now why you thinking bout your man?  
We ain't never gonna be like that  
I know it wasn't in your plans  
But we never going at home  
Cause I know what I do for you  
Girl I know we can do  
And if you take the time why don't you find out  
I'm the one for you, the one  
Baby tell me what you're thinking  
Tell me what's on your mind  
Now my heart is sinking  
And I'm running out of time  
Girl no matter what they say  
Girl I ain't gonna play ya, not you  
And with all this paper brings all these haters  
It comes to  
And all I need is you to know  
I would never let you go  
No matter what they say  
Girl I ain't gonna play ya, not you  
Same same man that you used to  
No I'm not the same same man that you used to  
No I'm not the same same man that you used to  
No I'm not the same same man  
No I'm not the same same man that you used to  
No I'm not the same same man that you used to  
No I'm not the same same man that you used to

But you could get used to the way that I  
No matter what they say  
Girl I ain't gonna play ya, not you  
And with all this paper brings all these haters  
It comes to  
And all I need is you to know  
I would never let you go  
No matter girl I ain't gonna play ya
