Our Disease

Breakbeat Era

Now that you suffer from our disease
Will you understand me?
Now that you suffer from our disease
Will you aggravate the tension?Now that you suffer from our disease
Will you get the beat to feel the heat?
Now that you suffer from our diseaseNight after night, I don't stop till dawn
Night after night, I can do no wrong
Night after night, I fill it to the top
Night after night, I never spill a dropDay after day, I take it to extremes
Day after day, I mutilate my dreams
Time after time, I play it one two three
Time after time, mirror turned on meNight after night, I don't stop till dawn
Night after night, I can do no wrong
Night after night, I never spill a drop
Night after night, I fill it to the topDay after day, I take it to extremes
Day after day, I mutilate my dreams
Time after time, I play it one two threeYou pay the price, I'll never know
You pay the price, I'll never know
You pay the price, I'll never know
Pay the price, I'll never knowNight after night, I don't stop till dawn
Night after night, I can do no wrongNow that you suffer from our disease
Will you understand me?
Now that you suffer from our disease
Will you understand me?Now that you suffer from our disease
Will you aggravate the tension?
Now that you suffer from our disease
Will you get the beat to feel the heat?Now that you suffer from our disease
Will you aggravate the tension?You pay the price, I'll never know
You pay the price, I'll never know
You pay the price, I'll never know
You pay the price, I'll never knowNight after night, I don't stop till dawn
Night after night, I can do no wrongNow that you suffer from our disease
Will you understand me?
Now that you suffer from our disease
