

# Katya (feat. Michelle Williams)

## Idle Warship

[Idle Warship]

Let's go

Look around

I know a girl

Go ahead with your fine ass

Make 'em howl at the moon when she climax

Might need some protection from her dirty mind

Sure they might spill your blood with their dirty wine

Dance floor now covered with the merlot

Man-eater but she might steal your girl though

Ain't no sense in fighting til you like it

Cause she likes him to be liking

Took a bite of your flesh when she kissed you

Brushed it off like, sorry, I missed you

She keep her claws hidden with a pedicure

You just bought a drink for a natural born predator

But you the one man wolf pack

Take aim at your prey, pull it back

But the bullet gotta be silver

It's like I died and went to Heaven cause her body killer[Chorus x2]

She'll eat your heart out

And tear you to pieces

You won't know what hit you

No, no, no, the pleasure principle will get you, no[Michelle Williams]

Katya's got ya

Right where she wants you

Horny and confused

You don't know if you are coming or going

But you like what she's throwing, yeah

She whispers in your ear

She only wants to please you

But you don't know what to do

Your lust gets the best of you

But you know she's trouble cause you've been here before[Chorus x2][Michelle Williams, spoken]

Don't be nervous

Promise I won't hurt you

I only wanna make you feel

Real good

Come here

A little closer  
Just a little closer  
Stop  
Okay  
That's perfect[Chorus x2][Michelle Williams, spoken]  
Let me know what the doctor says
