

# I Hate You

## Slayer

Originally performed by Verbal Abuse  
You were just a waste of sperm  
They way you look  
Makes my stomach turn  
The way you think  
Is no way at all  
God you really think you have balls  
I hate you Ain't it true  
I hate you And everything you do  
You walk around like a fucking dick  
And everytime you're near  
You know I get real sick  
You're so stupid  
There's nothing in your head  
God how I wish that you were dead  
I hate you  
Ain't it true  
I hate you  
And everything you do
