

# Dont Go

## Bring Me the Horizon

I was raised in the valley, there was shadows and death  
Got out alive but with scars I can't forget  
This kid back in school, subdued and shy  
An orphan and a brother and unseen by most eyes I don't know what it was that made a piece of him die  
Took a boy to the forest, slaughtered him with a scythe  
Stamped on his face, an impression in the dirt  
Do you think the silence makes a good man convert? We all have our horrors and our demons to fight  
But how can I win when I'm paralyzed?  
They crawl up on my bed, wrap their fingers round my throat  
Is this what I get for the choices that I made? God forgive me for all my sins, God forgive me for everything  
God forgive me for all my sins, God forgive me, God forgive me Don't go, I can't do this on my own  
Don't go, I can't do this on my own  
Save me from the ones that haunt me in the night  
I can't live with myself, so stay with me tonight  
Don't go, don't go (Lights)  
If I let you in, you'd just want out  
If I tell you the truth, you'd vie for a lie If I spilt my guts, it would make a mess we can't clean up  
If you follow me, you will only get lost  
If you try to get closer, we'll only lose touch  
Yes, you already know too much and you're not going anywhere Tell me that you need me because I love you so  
much  
Tell me that you love me because I need you so much  
Tell me that you need me because I love you so much  
Say you'll never leave me because I need you so much Don't go, I can't do this on my own  
Don't go, I can't do this on my own  
Save me from the ones that haunt me in the night  
I can't live with myself, so stay with me tonight Don't go, I can't do this on my own, don't go  
Save me from the ones that haunt me in the night  
I can't live with myself, so stay with me tonight  
Don't go (Lights)  
Don't go, don't go  
Don't go
