Come For A Dream

Dusty Springfield

Come for a dream
Come and love in the sun
Come and stay
Just as long as you may
Sunny love for a day
Sunny love may not stayLove may be glowing fantasy
Young love is free
Come for a smile
Making love in the sun
Like kaleidoscope rainbow begunSunny love making fun
Sunny love making one
Magic sensation in the sun
Come for a while
Run away from sorrow
Run away tomorrow
One special day
Warm and dazzling
We climb a tree
Making love in the sea
Sunny love come and be
Sunny love you and meImagination is the key
Sing me away, mmmRun away from longing
Run into belonging
Come for a dream
Come and love in the sun
Come and stay just as long as you may
Sunny love for a day
Sunny love may not stay
Love may be glowing fantasy
Young love is free
Mmm, da, da, dum, da, da, mmm, da, da, dum, da, da.....
