

# A Hole In the Wallet

## Gang of Four

Education is their business  
Women to know that they are equal  
Why work for love if it shows no profit  
You'll only earn emotional losses  
Wasting time, a hole in the wallet  
There is only one condition  
Stay in bed or in the kitchen  
Better not, you'll only earn emotional losses  
Disrupt their passions  
Mirror reflect their teaching  
Make up makes up for your nature  
Make up makes up for your nature  
You're foreseeing and not for hearing  
Their commands are in your interest  
Why work for love if it shows no profit  
You'll only earn emotional losses  
Wasting times, a hole in the wallet  
Why work for love if it shows no profit  
You'll only earn emotional losses  
Wasting times, a hole in the wallet  
Better not, you'll only earn emotional losses  
Disrupt their passions  
Education is their business  
Women to know that they are equal  
There is only one condition  
Stay in bed or in the kitchen
