

# Golden

## Lady Antebellum

The sunset falls in Wichita  
Yellow dances through the blue  
Wheat fields catch a glimpse of heaven  
It makes me think of you  
Even when you're miles away  
You're always on my mind  
Lord knows you're in my heart  
Even when I close my eyes

### Chorus

You are golden  
Precious as a prayer flying up through the air  
While the rain is falling  
Golden, timeless as a kiss  
Baby I don't wanna miss  
Another perfect moment  
To tell you how you make me feel  
The day you strolled in  
My heart was stolen  
Cause you are golden

The smallest parts of who you are  
Are everything to me  
From the way you laugh to the way you cry  
To the way you love on me  
Shadows run and darkness fades  
When you come around  
My single star amongst the grey  
Always shining down

### Repeat Chorus

Lovely  
Oh so hard to find  
Yeah you are goodness  
Forgiveness of the purest kind  
Oh yeah  
From the day you strolled in  
My heart was stolen  
You'll be the hand I'm holding  
When the heavens open  
Cause you are golden
