

# Honor and Glory

[Marvin Sapp](#)

Let's give him Glory!  
(Honor and Glory power and majesty)  
(We offer praises forever to our king)  
(Honor and Glory power and majesty)  
(We offer praises forever)  
Come magnify  
Let's lift his name high  
Acknowledging his greatness  
Proclaiming adonai  
For he is worthy  
Our sincere praise  
Adoration and honor  
to the ancient of days  
(Honor and Glory power and majesty)  
(We offer praises forever to our king)  
(Honor and Glory power and majesty)  
(We offer praises forever)  
He's a wonderful counselor  
Everything I need  
None can compare to the  
splendor of the king  
Kings  
For he's my hope  
My help and my joy  
I have no other choice  
That's why I lift my voice  
and give him
