Dream Come True

Indecision

You build up all that hope, all that faith
to watch it all disappear
Dreams fulfilled are as good as dead
worse than a dream that never came true
dreams die when they come true
dreams die when there?s no hope
nothing to live for
nothing to hope for
nothing to dream of
nothing to wish for
nothing to believe in
nothing to dream of
nothing to hope for
nothing to die for
dreams die when they come true
dreams die when there's no hope
