

I Come Undone (Dave Kurtis Remix 2007)

Jennifer Rush

Time heals the wounded, but my heart still
Bleeds.

I can't get you out of my life. Here is my
Confession: you're all I need; I don't want to
Love you, but, oh, oh, oh,
With the touch of your hand, I come undone.
With the flash of your burning eyes I know
That you're the only one. I come... I come
Undone. I come undone.

Your footsteps are heartbeats. There's
Knocking on my door.

I swore that I won't let you in.
Love's got its heroes, but I know that I just
Can't hold out forever, and, oh, oh, oh,
With the touch of your hand, I come undone.
With the flash of your burning eyes I know
That you're the only one. I come... I come
Undone. I come undone.

Don't know what you're doing to me, 'cause
When your arms reach out I'm gone. Here is my confession:
You're all I need; I don't want to
Love you, but, oh, oh, oh,
With the touch of your hand, I come undone.
With the flash of your burning eyes I know
That you're the only one. I come... I come
Undone. I come undone.
