

# So Into You (Gordon Raphael's Mix)

## Wildhearts

I like your big decisions  
But I love the way you change your mind  
I like your strength of vision  
But I love the way that love is blind  
I like that you've got bigger balls than almost all of  
The Special Forces  
And I need you leaving me like UFO's need horses  
So into you  
I like when you've got opinions  
But I love that you never take a side  
I like that you ain't into millions  
But I love that you expect me to provide  
I like the way you make me feel  
And if this ain't real, then I ain't breathing  
And I love that you've given me exactly what  
I was needing  
So into you  
I like your calm dependence  
And I like your way with patience  
I like your understanding  
But I love what you're demanding  
I like your taste in outfits  
But I love your taste in misfits  
And I know that when the shit fits  
The toughest teeth grit: 'cause this is it  
So into you
