Don't Take Your Love

[Keke Wyatt](#)

Now baby you, you know my heart
Better than anyone else
And yes I know that it's been hard
But we always seem to work things out, all we need is time
Baby all that we need is time to
So don't take your love away from me
If you can hear me now, boy
Just don't take your love away
Now baby you, you know my love for you
Is brighter than the stars and the moon
And yes I see that baby you are
The best that's ever happened to me, to me
For so long I never saw the wrong
I handled things kinda bad, yes I did
I never thought that I would lose the wrong
Looking for what I already had so please
Baby all that we need is time to
So don't take your love away from me
If you can hear me now, boy
Just don't take your love away
Your love for me, your trust in me
The things you do, baby you got the best in me
Baby let me make it up to you
Tell me what I need to do
Don't wanna live without your love
Baby all that we need is time to
So don't take your love away from me
If you can hear me now, boy
Just don't take your love away
Let me break it down, let me break it down
Just hear me now, just hear me now
Think about it, promise me you'll be around
One more time
Said I'm gonna break it down, break it down
Just hear me now, hear me now
Think about it, promise me you'll be around
Baby all that we need is time to
So don't take your love away from me
If you can hear me now, boy

Just don't take your love away
Baby all that we need is time to
So don't take your love away from me
If you can hear me now, boy
Just don't take your love away
