

# Can I Say (Version)

## Dag Nasty

What can I say?  
Why should I try?  
I tried to love  
what I knew I hated  
I took a lie  
and I made a truth  
I defended  
what I should have denied  
I never gave a second thought  
I followed blindly part of a lot  
I never gave  
I never gave a second thought  
I followed blindly part of a lot  
How can I say I'm really free?  
How can I say I'm really me?  
What can I say?
