Change Your Mind

Fantasia

I never knew how much
Never knew how much I did,
Yea yea
'Cause in this game of love
Sometimes it ain't fair
Yea, yeaThese days I've been crazy
There's no way I should've watched you walk out
Hey!
I can make it up baby
Gotta way we can work this thing outCome home to me baby
Hm I'll be good to you darling
You never had it the way I'm gon give it to you
Let me cook for you baby
Put my lips on you, darling
Get ready for the time of your lifeThe way that I'm gon do you tonight
Will make you change your mind
The things that I'm gonna show you tonight
Will make you change your mindYou still mad, I feel bad for what I did
I know I broke it so tonight I'm your fix again
Let me show you why you need me in your life
I know you people think you just stayed awayI lied to you (lied to you)
You cried for me
I've walked away and threatened to never come back baby
Forgive me (forgive me)
Oh baby please
Come back to me, I really need youCome home to me baby
Hm I'll be good to you darling
You never had it the way I'm gon give it to you
Let me cook for you baby
Put my lips on you, darling
Get ready for the time of your life yeah yeah yeahThe way that I'm gon do you tonight
Will make you change your mind
The things that I'm gonna show you tonight
Will make you change your mindLove you love you
Let me, let me, let me, let me show ya
I will yeah (Show you)
Love me, love me, love me babyCome back, come to me
Baby you know I need youCome home to me baby
Hm I'll be good to you darling

You never had it the way I'm gon give it to you
Let me cook for you baby
Put my lips on you, darling
Get ready for the time of your life, ohBabyThe way that I'm gon do you tonight
Will make you change your mind
And I'm gonna do
The things that I'm gonna show you tonight
Will make you change your mind (show you)I'll show you
Show you,
I'll show you (change your mind)
Show you,
I'll show you
Show you,
I'll show you
