

Santa Cruz (Live in Santa Ana) [Bonus Track]

The Downtown Fiction

If I ever got the blues
I just take my Santa Cruz
And roll away all my fears
No solutions to present
But I feel the smooth cement
Tickle me on my feet
No, I'm never fallin down
Cuz my feet don't touch the ground
And everything comes in clear I don't wanna waste my life away someday (Roll away, so watch me roll)
I've got my skateboard
I'm never comin home
I don't wanna waste my life away someday (Roll away, so watch me roll)
I've got my skateboard
I'm never comin home If I ever got the blues
I just take my Santa Cruz
And roll away all my tears
So I ride right past the fence
To the ocean, to the depths
The deepest hole I've ever seen
No, I'm never fallin down
Cuz my feet don't touch the ground
There's nothin I have to fear I don't wanna waste my life away someday (Roll away, so watch me roll)
I've got my skateboard
I'm never comin home
I don't wanna waste my life away someday (Roll away, so watch me roll)
I've got my skateboard
I'm never comin home Ooh-la, ooh-la, ooh-la-la-la
Ooh-la, ooh-la, ooh-la-la-la I don't wanna waste my life away someday (Roll away, so watch me roll)
I've got my skateboard
I'm never comin home
I don't wanna waste my life away someday (Roll away, so watch me roll)
I've got my skateboard
I'm never comin home Roll away, so watch me roll
I've got my skateboard
I'm never comin home
