Unforgotten

Cataract

Don't have to be your only one
Don't have to be something from now on
Don't have to be what I want at allJust have to be unforgottenI know your new boyfriend
And you belong with him
The truth is my one regret
The truth is my one regretJust have to be unforgotten
Just have to be unforgottenDon't have to know what I'm thinking now
Don't have to know better days than these
Don't have to know where I've been so longJust have to be unforgottenI know you're leaving now
If I had figured outJust how to be unforgotten
Just how to be unforgotten
