Never Not Beautiful

Calvin Goldspink

It's the way yo hold your glass
The way you smile when you walk fast
And when I see you stumble down my heart
All I can do is stare and have a laugh
When you sing your songs off key
And you always looked to me
For the things that you don't see
The things that you don't know

'Cause you`re never not beautiful
You`re never not magical
You`re never not wonderful to me

And when I see you lying there
So unashamed and unaware
I wish you knew the you I get to see

You`re never not magical
You`re never not wonderful
You`re never not beautiful

When the tears roll down your face
When your heart it's about to break
When you're at the bottom of it all
All I see is love
I still look at you and fall

'Cause you`re never not beautiful
You`re never not magical
You`re never not wonderful to me

And when I see you lying there
All unashamed and unaware
I wish you knew the you I get to see

You`re never not magical
You`re never not wonderful
You`re never not beautiful

'Cause you`re never not beautiful

You`re never not magical
You`re never not wonderful to me, to me, to me
'Cause when I see you standing there
There's nothing I can do but stare
I wish you knew the you I get to see

You`re never not magical
You`re never not wonderful
You`re never not beautiful
You`re never not beautiful
