

# Take Me Clear from Here

**David Ruffin**

Take me clear from here  
I don't want this life you want me to live/  
Take me clear from here  
I don't want this life your trying to give to me/  
No No/  
Well, as long as the fire's burning/  
Deep inside i will never end this yearning to see, oh to see, to see/Take me clear from here,  
I don't want this waste of time/  
Well, as long as the fire's burning/  
Deep inside, i will never end this yearning to see, oh to see, to seeWhat I wanna say is.../  
And if I do not, if i do not go away/  
I know you know,  
That I'll be old and gray before my time/  
Well, it would take a while, it would take a while before i can forget/  
Oh, get different ways to try and fake my mind/  
What i want you to do is.../  
Take me clear from here,  
I don't want this life you want me to live/  
Take me clear from here,  
I don't need this waste of time/  
Oh can't you see,  
As long as the fire's burning/  
Deep inside, I will never end this yearning/  
To feel, oh to touch, don't you wanna love, love, don't you wanna live/  
So come on and take me, take me clear from here/  
I don't need this life you want me to live/  
Take me clear from here  
I dont need i don't need this waste of time/  
Oh no/  
Come on take me take me clear from here  
I don't need, I don't need this waste of time/  
Take me clear from here/  
I don't want this life you want me to live/  
Come on and take me take me
