Buried In My Head

Ozone Mama

Buried in my head, buried in my headI'm the man who was wondered
If I'd draw the short straw
For that trip I've grown fonder
(In the) world of pill's vertigoCan't you see that I am under
Cuttin' arm for some fun
There's no savior, just a mantra
(Into) No man's land I runBut I need it to know
How many miles I have to go
How long will it take
(To) get rid of the addiction
Buried in my headIn the heat of the morning
With a reptile's look
Dazed away and I'm crawling
(The) drug queen got me hookedI can't see the world clearly In the shade of blood red
The other night Jesus called me
â€žThere's one more room in hell"But I need it to know
How many miles I have to go
How long will it take
(To) get rid of the addiction
Buried in my head[Guitar Solo]How many miles I have to go
How long will it take
(To) find the way out from what is
Buried in my head
