

My Old Pain

Asaf Avidan

I'm in love again
With my old pain
With my old pain
Save me from the same
Perpetual game
Of my own name Every time the Weeping Willow dances in the breeze
Please remind to everybody that I smiled with ease Not too long ago
So honey, don't let go
Of what you know of me
I am dressed to kill
In my old skin
In my old skin
Save me from the same
Primordial sin
That's deep within Every time the hungry waves come dancing in the sand
Please remind this broken shell it used to be a man Not too long ago
So honey, don't let go
Of what you know of me
Take heed of the ocean
And the scent of the storm
And whisper the west wind
And guide me back home I'm in love again
With my old pain
With my old pain
