Already Over (2016 Remastered)

Red

You never go
Your always here (suffocating me)
Under my skin
I cannot run away
Fading slowlyI'd give it all to you
Letting go of me
Reaching as I fall
I know it's already over now
Nothing left to lose
Loving you again
I know it's already over, already over nowMy best defense, running from you
I can't resist, take all you want from me
Breaking slowlyI'd give it all to you
Letting go of me
Reaching as I fall
I know it's already over now
Nothing left to lose
Loving you again
I know it's already over, already over now!You're all I'm reaching for
It's already over
All I'm reaching for!
It's already over nowI'd give it all to you
I offer up my soul
It's already over, already over now!Give it all to you
Letting go of me
Reaching as I fall
I know it's already over now
Nothing left to lose
Loving you again!
I know it's already over now!
It's already over now!
I know it's already over, already over
