

# black sea

## DISCORPORATE RECORDS

Is it you? [x3]I guess you always  
Wanted freedom  
No guarantees  
In the western world  
Love forsaken  
My heart is aching  
You turned to east  
To find your peace(My everlasting dream)[Chorus]  
Black Sea, what do I see?  
(This) glimmer on the ocean, (is it you?)  
Black sea for you and me  
(So) close but far away  
Na, na, na, na Can there be a chance?  
Na, na, na, na For you and me  
Na, na, na, na Feel my humble stance  
Youre my swedish complete taboo(My everlasting dream)My enigma is  
Keeping our secret  
Cross my heart  
And hope to die  
Dream dynamic  
So panoramic  
When yearning wail  
My endless tale(My everlasting dream)[Chorus]I guess you always  
Wanted freedom  
No guarantees  
In the Western World  
Love forsaken  
My heart is aching  
You turned to east  
To find your peaceI hear waves are roaring in  
Birds are crying loud  
My adoring sin  
Im standing here so proud  
Why?[Chorus]
