

# The Lake

[Christina Goh](#)

The lake I've walked a thousand times near the lake  
Nobody knows me near the lake  
I've cried so many nights near the lake  
Nobody talked with me near the lake I am searching near the lake who I am  
Dream or nightmare, it depends  
You can try  
I'm a mess  
It's a sos  
For the world I live inside  
Loneliness, oh restless  
One, two, three I've walked a thousand times near the lake  
Nobody knows me near the lake  
I've cried so many nights near the lake  
Nobody talked with me near the lake I am searching near the lake who I am  
Dreams or nightmare, it depends  
You can try  
I'm a mess  
It's a sos  
For the world I live inside  
Loneliness, oh restless  
One, two, three I've walked a thousand times near the lake  
I found myself near the lake  
I found myself
