

Tune Up #2

Original Broadway Cast

Tell the folks at home what you're doing Roger
I'm writing one great song
Yes, we screen, speak
Chestnuts Roasting Collins, I'm downstairs
Hey, Roger picked up the phone
No, it's me, throw down the key
A wild night is now preordained
I may be detained What does he mean?
What do you mean, detained?
Ho, ho, ho, Benny, shit Dudes, I'm on my way
Great, fuck, I need the rent
What rent? This past year's rent which I let slide
Let slide? You said we were 'Golden' When you bought the building
When we were roommates
Remember, you lived here? How could I forget?
You, me, Collins and Maureen
How is the drama Queen?
She's performing tonight I know, still her production manager?
Two days ago I was bumped
You still dating her?
Last month I was dumped She's in love
She's got a new man?
Well, no, what's his name?
Joanne Rent, my amigos, is due
Or I will have to evict you
Be there in a few The power blows
