

Silence and the End of All Things

Chameleon Circuit

It's funny...
I thought if you could hear me I could hang on somehow
Silly me...You waited,
Waited for twelve years, and now you're leaving me.When you wake up, you'll have a mum and dad,
And I'll be just a story.
That's ok, we're all stories in the end,
So live well and love Rory.Silly old Doctor...
A daft old man who stole a box and ran away.
In your dreams, I'll still be there with all the days that never came.That box is new and ancient,
Big and little at the same time, it won't leave you.
And the times we would've had,
Now never had inside that box, so bluest blue.The cracks are closing.
They won't stop 'til I am on the other side.
Bye bye, Pond.
I think I'll skip the rest of the rewind.I don't belong here anymore,
You know I hate repeats.
Amelia, the girl who waited,
No longer will you wait for me.
