

# Our Love

Mary J. Blige

You're my morning star  
Shining brightly beside me  
And if we keep this love  
It would last through all eternity Just the way we are  
Our love story  
It's just the way it should be Cause our love will stand tall as the trees  
Our love will spread as wide as the sea  
Our love will shine bright in the night like the stars above  
And we'll always be together, our love My love is surely one thing  
You can surely depend on  
In times of darkness and fear, I go to you  
I know you'll make me strong You're gonna make me happy  
You're gonna make me smile Our love will stand tall as the trees  
Our love will be for the whole world to see  
Our love will change people's wrongs to rights  
And will never die cause we'll always have each other  
Ooh, ooh, ooh, oh Cause our love will stand tall as the trees  
Our love will spread as wide as the sea  
Our love will shine bright in the night like the stars above  
And we'll always be together, our love Break it down just a little  
Because love is soft, love is sweet  
Love is nice, love is gentle  
Love is joy, love is pain  
Love is laughing in the rain I got love on my mind  
Love is always right on time  
Love is you, love is me  
Love is just a little baby  
(Our love) I got love on my mind  
Love is always right on time  
Love is you, love is me  
Love is gonna set me free  
(Our love)
