

# Hovering

Miley Cyrus

Sometimes I wonder, if everything changed  
How would we make out?  
And now suddenly thunder, and everything changed  
There's this big dark cloud, hovering  
Hovering, hovering, hovering  
You always said that we'd make it through  
Trembling, stumbling, fumbling  
For the words that say that I'm leaving you, I'm leaving you  
We go through the motions like everything's settled  
But it's inside out and it makes us uncomfortable  
Still holding on when there's all this doubt, hovering  
Hovering, hovering, hovering  
You always said that we'd make it through  
Trembling, stumbling, fumbling  
For the words that say that I'm leaving you, I'm leaving you  
And maybe we're just older  
(Older)  
Just a little older  
(Older)  
'Cause the fact that this is over  
The fact that this is over with you then  
Hovering, hovering, hovering  
You always said that we'd make it through  
Trembling, stumbling, fumbling  
For the words that say that I'm leaving you, I'm leaving you  
Trembling, stumbling, fumbling  
For the words that say that I'm leaving you  
You always said that we'd make it through  
You always said that we'd make it through
