

You're So Gentle, So Kind

DeBarge

(Chorus)

You're so gentle you're so kind
And your love for me is so divine
Keep me running back for more
Of that good love you have in store
Especially for me, oh

Especially for me(Verse 1)

I just want to let you know
There'll always be a special place for you
In my heart

And even though you're not here
The distances will not keep us apart

No, no, no I know that I can't find you anywhere (can't find you anywhere)

Your personality and love is oh, so rare (oh, so rare)

There'll never be another kiss like yours

Telling me that I'm yours

Eternally(Chorus)(Bridge)

So baby don't you worry

I'll always be right there

Waiting for your gentleness

That makes it very clear

That I, That I will never let you go

I just want to let you know right now

Right now(Verse 2)

I just want to let you know

No one could ever take your place with me (I just want to let you know)

It can't be (none could ever take your place with me)

No

The memories that we both loved

No one can buy

It just cannot be solved

No, No, No, No Let this message sink in very clear (sink in very clear)

That you belong to me exclusively, my dear (exclusively, my dear)

There'll never be another kiss like yours

Telling me that I'm yours

Eternally You don't have to worry about a thing, baby

Cuz I'll always be by your side

And there'll never be another kiss, another love as warm and gentle as yours(Chorus)
