# Drop Your Gun

## Peacepipe

INTRO
Greetings in the name of our mother land
Set peace in the ground now
I said drop your gun and leave
drop your gun and leave now .. that's it
no more problems starting now
let the children say the truth now
drop your gun and leave (4x)

CHORUS
Drop your gun and leave
or shot me in the head now
Drop your knife and leave
Don't stab me in the back ooohhh (x2)

If you wanna talk freely now
learn how to tell the truth
if you wanna gonna be a free man
you must seek a way
if you want peace then i do need respect to life
the only way to get there is to seek the truth
laugh in the way out

stop all the violence
and lead angel's path
struggle with in
love all above
stop all the criticism
in through this land
struggle with in
love all above

CHORUS
Drop your gun and leave
or shot me in the head now
Drop your knife and leave
Don't stab me in the back ooohhh (x2)

If you wanna talk freely now
learn how to tell the truth

if you wanna gonna be a free man
you must seek a way
if you want peace then i do need respect to life
the only way to get there is to seek the truth
laugh in the way out

stop all the violence
and lead angel's path
struggle with in
love all above
stop all the criticism
in through this land
struggle with in
love all above

Drop your gun and leave now
just shoot me in the head(no no no no my brother now)
Drop your knife and leave now
just stab me in the back (back back back back)
Drop your gun and leave now
just shoot me in the head(no no no no my brother now)
Drop your knife and leave now
just stab me in the back (back back back back)
