This Is Not For You

Blood Red Shoes

Can you see them rushing in?
Hate to think how long it's been
Wasting time at finding faults
Voice a question, take a shotI don't want you to think I do these things I do because of youTightly kept from misread words
Wash away those things you heardLet's pretend that everything is just fine
Let's pretend that everything is alright
Let's pretend that everything is just fine - better, better
Let's pretend that everything is alright - better, betterCarried hopes were not enough
Draw a line at things we've got
Hate to say that you were right
Many ways I've failed in sightI don't want you to think I do these things I do because of youWalked in circles, held in breath
Stumbled back into this messAre you listening?
Are you watching out for who they are now?
