New Year

Beach House

All I wanted comes in colors

Vanish everyday

I keep these promises, these promises

Stranger things will come before you

Always out of the way

We keep these promises, these promisesCan you call it

See it coming

Just enough to tell a story bout a

Portrait of a

Young girl waiting for a new yearAll you ever wanted

Is it getting away?

Visions of a feeling

The footsteps at bay

You were getting stronger

Memories again

Now you're open wider

It's better this wayAll I wanted comes in colors

Vanish everyday

I keep these promises, these promises

Stranger things will come before you

Always out of the way

We keep these promises, these promisesWon't you write a letter

On the page

In your own way

Write it in a letter

On the page

It's your own wayYou were getting wiser

It's better this way

Faces in the mirror

Memories again

Now look to a feeling

It's lighter than breath

All you ever wanted

Is it getting away? Can you call it

See it coming

Just enough to tell a story bout a

Portrait of a

Young girl waiting for the ending of an era

Can you call it

See it coming
Just enough to tell a story bout a
Portrait of a
Young girl waiting for the new year
