# A Thing for Me

## Metronomy

I told you how long we've got
All the time in the world
I've got a thing for you
You've got a thing for meI've got my mind made up
You've got my heart you know
You've got a thing for me
You've got a thing for meI told you how long we've got
All the time in the world
I've got a thing for you
You've got a thing for meI've got my mind made up
You've got my heart you know
You've got a thing for me
You've got a thing for meShe's gonna leave at three
That's what her friend told me
Now I can't bear to check the timeTonight she'll take my heart home with her
But I'm not ready to let it go now
Oh, how long have we got?I told you how long we've got
All the time in the world
I've got a thing for you
You've got a thing for meI've got my mind made up
You've got my heart you know
You've got a thing for me
You've got a thing for meFor me, for me, for me, for me
For me, for me, for me, for me
For me, for me, for me, for me
For me, for me, for me, for meAnd now it looks to me
Like she's about to leave
But as she passes
She leans close and saysMy boy, you got to keep that chin up
I'm gonna come back here next week for now
Just take my telephone number
Just remember what I told youI told you how long we've got
All the time in the world
I've got a thing for you
You've got a thing for meI've got my mind made up
You've got my heart you know
You've got a thing for me
You've got a thing for meI told you how long we've got
I told you, I told you

I told you how long we've got
I told you, I told youI've got my mind made up
I told you, I told you
You've got a thing for me
You've got a thing for me
