

# I Apologize

## Splender

You're down  
So stay there  
I'm clipping your unearned wings  
My dear You cry  
For the outside  
But I don't think you'll see it know  
For rain that's fallen  
Halfway down the sky  
I apologize You float like an angel  
But then I wipe your cloud  
And throw you out You fall  
Cause you can't fly  
But I don't think you'll  
Feel it now  
For rain that's fallen  
Halfway down the sky  
I apologize  
For sunlight burning holes in through your eyes  
I apologize The scent of the semen  
Is what brought you here  
We've made this clear  
We slide on your inside  
But I don't think we'll  
Need it now
