

# One In A Million

## Pet Shop Boys

Why  
This uncertainty?  
It's not clear to me  
Would you rather be independent?  
Have I lost your love?  
Have you had enough?  
Do you feel too much resentment?  
How can I make you see  
When you disagree  
That you just can't leave? One in a million men  
Could change the way you feel  
One in a million men  
Baby it's up to me I  
Won't stand in your way  
I can make you stay  
Though, of course, I feel rejected  
You're a part of me  
You're the family  
I can't bear to leave One in a million men  
Could change the way you feel  
One in a million men  
Baby it's up to me Feel  
Free  
To leave  
If you think you're trapped, but  
Please  
Believe  
I'll always want you back One in a million men  
Could change the way you feel  
One in a million men  
Baby it's up to me One in a million men  
Could change the way you feel  
One in a million men  
Baby it's up to me (Ooh ooh ooh ooh ooh ooh Ooh ooh ooh ooh ooh ooh)  
(Ooh ooh ooh ooh ooh ooh Ooh ooh ooh ooh ooh ooh) One in a million men  
Could change the way you feel  
One in a million men  
Baby it's up to me One in a million men  
Could change the way you feel

One in a million men

Baby it's up to me
