

Make Pretend

Sammie

Ooooh oohh oohh

Ooooh oohh oohh

Verse 1

Babe I've been on the road and

You've been so alone and

I know I have been making you wait

That's the rules of the game

That we chose to play

But don't you give my loving away-ay-ay

Pre-Chorus

Girl I got a game for ya

Tell me do you want to play-ay-ay?

Is call make pretend

Let's begin

Chorus

Girl grab your pillow, pillow

Pretend it's me and hold me tight

Now take your hands slow-ly

And move low

You know what I'm getting at tonight

Girl, let's make pretend that it's me that is in ya

I'm your distant lover

Grind on all these covers

Let's make pretend that it's me that is in ya

Do me like no other tonight

Verse 2

Girl, by the way you breathing

I can tell you feining

You got every reason

Girl, I'm talking to you dirty

You can be my waitress

Baby take my order

Serve me, serve me, serve me all day-ay-ay

Pre-Chorus

Girl I got a game for ya

Tell me do you want to play?

Is call make pretend

Let's begin

Chorus X2

Girl grab your pillow, pillow
Pretend it's me and hold me tight
Now take your hands slow-ly
And move low
You know what I'm getting at tonight
