

# The 9th Circle (ost)

## Him

Is it so hard to believe  
Our hearts are made to be broken  
Can't you see that the beauty of love  
Lies in constant dying  
Don't you want our hearts  
To be torn wide open  
Won't you feel the heaven  
In our endless cry  
Oh, at least you could try  
Let me just a bit closer  
For this one last time  
Let me fall into your arms  
It could be alright  
Don't let us grow any colder  
For this one last time  
Let me close to your heart  
Ever amazed how bright  
Are the flames we are burning in  
Ever smiled at the tragedies  
We have locked deep inside  
Aren't you obsessed by our end  
Though it's on the verge of beginning?  
Won't you cherish the fear  
Of life that keeps us alive?  
Oh, at least you could try  
Let me just a bit closer  
For this one last time  
Let me fall into your arms  
It could be alright  
Don't let us grow any colder  
For this one last time  
Let me close to your heart  
Let me just a bit closer  
Won't you let me be closer  
Just let us be closer  
Oh, my baby, oh  
You gotta let it closer  
Baby, let me closer  
Won't you let it come closer

My darling  
Oh, at least you could try  
Let me just a bit closer  
For this one last time  
Let me fall into your arms  
It could be alright  
Don't let us grow any colder  
For this one last time  
Let me close to your heart  
Oh, at least you could try  
Let me just a bit closer  
For this one last time  
Let me fall into your arms  
It could be alright  
Don't let us grow any colder  
For this one last time  
Let me close to your heart  
Let me close to your heart  
Baby, let me close to your heart  
Let me close to your heart  
Baby, let me close to your heart
