Juliet

Modern Talking

In the disco light, in the disco lightOh, I walked through the party in the disco light
Saturday is calling and I'm feeling alright
And I get tired of being alone
She has my heart but she has no homeAnd I tried, tried, tried it again
Buy her a drink, wanna be her man
Heijo, oh, high and low
Oh, my baby, come, let's goOh, Ju-Juliet, all the things you do
They drive me mad, Ju-Ju-Juliet
Baby, I can't get you out of my headI love the nightlife, the crazy nightlife
In the disco light, baby
I love the nightlife, the crazy nightlife
Oh, keep on dancing, ladyAnd we walked to my house, it was late at night
Sunday was calling, see the morning light
Tired of being with this girl
She's so complicated, doesn't fit in my worldAnd I try, try to send her home
Called her a taxi, wanna be alone
Heijo, oh, high and low
Oh, my baby, oh, please goOh, Ju-Juliet, all the things you do
They drive me mad, Ju-Ju-Juliet
Baby, I can't get you out of my headI love the nightlife, the crazy nightlife
In the disco light, baby
I love the nightlife, the crazy nightlife
Oh, keep on dancing, ladyKeep on dancing, lady
In the wake of light, disco light
In the disco light keep on dancing, lady
Get going, rightI love the nightlife, the crazy nightlife
In the disco light
I love the nightlife, the crazy nightlife
Oh, keep on dancing, ladyI love the nightlife, the crazy nightlife
In the disco light, baby
I love the nightlife, the crazy nightlife
Oh, keep on dancing, ladyI love the nightlife, the crazy nightlife
In the disco light
I love the nightlife, the crazy nightlife
Oh, keep on dancing, ladyDiscolight, in the disco light, baby
In the disco light
