Burning

The Sweet Vandals

Big city life, big city night
In the middle of cars and lights
You came, made everything right
With a touch of love
Didn?t really wanna let you in
Took a time to get under my skin
Wanna see you again and again
And now I?m all shook up
You don?t make me feel lonely
You don?t try to control me
Treat me like I?m the only
Boy I?m burning up
You can tell that I want cha
It gets stronger and stronger
I can?t hold it much longer
Boy, I?m burning up (I?m burning up)
I?m burning
Burning (3x)
Baby I?m burning
Burning (3x)
Baby I?m burning
Burning (3x)
Baby I?m burning
Burning (3x)
Baby I?m burning
Hooked up on a Saturday night
Like a breeze in the hectic life
On the street in the morning light
We?re just one on one
Spent everyday on the phone
Made me feel that I wasn?t alone
Didn?t think it could be this strong
We?re just one on one
You don?t make me feel lonely
You don?t try to control me
Treat me like I?m the only
Boy I?m burning up (I?m burning up)
You can tell that I want cha

It gets stronger and stronger

I can?t hold it much longer
Boy, I?m burning up (I?m burning up)
I?m burning
Burning (3x)
Baby I?m burning
Burning (3x)
Baby I?m burning
Burning (3x)
Baby I?m burning
Burning (3x)
Baby I?m burning
Big city life, big city night
In the middle of cars and lights
You came made, everything right
With a touch of love
Hooked up on a Saturday night
Like a breeze in the hectic life
On the street in the morning light
We?re just one on one
You don?t make me feel lonely
You don?t try to control me
Treat me like I?m the only
Boy I?m burning up (I?m burning up)
You can tell that I want cha
It gets stronger and stronger
I can?t hold it much longer
Boy, I?m burning up (I?m burning up)
I?m burning
Burning (3x)
Baby I?m burning
Burning (3x)
Baby I?m burning
Burning (3x)
Baby I?m burning
Burning (3x) (Don?t you know, don?t you know that I?m burning? (2x))
Baby I?m burning
Baby I?m burning
Baby I?m burning
Don?t you know, don?t you know that I?m burning?
