## **War Games**

## V.S.B.

Words and music by Stephen Stills
Can you stop your instincts
Can you man your thought control, sir?
Will you give the last command
Or lie to a good soldier
I'm a doubter
I'm a fool
Let me be All that I am
Chorus:
I am not so sure
What you want me for
Either your machine
Is a fool, or me ...

Now there is no time to wait

No time to think it over

Take the path, believe the math
You'll tell me when it's over

I'm a fighter

I've a question

Won't you answer me?

I have earned the right to know

And tell you what I see

Chorus:

I am not so sure

What you want me for

Either your machine

Is a fool, or me ...
