# Suckerpunch

## New Duncan Imperials

Here she comes again
With another boyfriend
Introduces me
And says, This is the sweetest
Guy Ive ever knownCouldnt say a word I never say a word
She wraps her arms around my neck
You are the sweetest guy Ive ever known
And I say again, This is the last time"There she goes again
She says Im her best friend
We're better off this way she says
"'Cause you're still
The sweetest guy Ive ever known"Her smell stays on my shirt, I cant say a word
Cant swallow this lump inside my neck
You are the the sweetest girl Ive ever known
And I say again, This is the last time"When you left before I didnt care too much
'Cause I just wished youd go away
And I see you now and its just too much
Takes my breath away, just like a suckerpunchHere she comes again
With another boyfriend
Introduces me
And says, This is the sweetest
Guy Ive ever knownCouldnt say a word I never say a word
She wraps her arms around my neck
You are the sweetest guy Ive ever known
And I say again and I said before
And I say once more, This is the last time"When you left before I didnt care too much
'Cause I just wished youd go away
And I see you now and its just too much
Takes my breath away, just like a suckerpunch
Just like a suckerpunch, yeah, just like a suckerpunch
Just like a suckerpunch
