

Cat In The Sun

Aselin Debison

Love is taking it's own sweet time
I get a little impatient sometimes
But the blue sky's up above
White clouds sail away
And hey, what's not to love
About today
I'm a cat in the sun, I'm gonna wait right here
I'm in no hurry, love's gonna come
When it's good and ready
I'm not worried, a cat in the sun
My friends want me to go their way
Maybe tomorrow but not today
There's a bright sun shining down
Good things on the way
And hey, what's not to love
About catching rays

I'm a cat in the sun, I'm gonna wait right here
I'm in no hurry, love's gonna come
When it's good and ready
I'm not worried, a cat in the sun, a cat in the sun
I'm not worried love's gonna come my way
I'm in no hurry not today no no
But the blue sky's up above
White clouds sail away
And hey, what's not to love
About today
I'm a cat in the sun, I'm gonna wait right here
I'm in no hurry, love's gonna come
When it's good and ready
I'm not worried, a cat in the sun
