

Let It Be Me

Andy Gibb

Follow you 'most anywhere, I must take the strain
I don't know why I've been playin' so many other games
Rang you up to ask your name, guess, I've blown my cool
Every day is heartbreak day, acting like a fool
But let it be me, I ask you
Let me be free to want you
Let it be me, I beg you
Give it to me
I don't know why I'm singin' this song
Guess, you been on my mind too long
Can't understand what's becomin' of me
It's not workin' out like I thought it could be
Give me your hand and I'll show you the night
I'll let you see we can make it right
And when the night's over, I'll make love to you
Only us, only me, only you
Said, you've got a big debate
Can't make up your mind
All my dreams are crashin' through
I'm not the waitin' kind
I'd go home and sit it out
Waitin' there for you
I'd be waitin' all my life
If I should wait for you
Let it be me, I ask you
Let me be free to want you
Let it be me, I beg you
Give it to me
I don't know why I'm singin' this song
Guess, you been on my mind too long
Can't understand what's becomin' of me
It's not workin' out like I thought it could be
Give me your hand and I'll show you the night
I'll let you see we can make it right
And when the night's over, I'll make love to you
Only us, only me, only you
But let it be me
Let it be me, I ask you
Let me be free to want you
Let it be me, I beg you
Give it to me
Give it to me
Let me be free to want you
Let it be me, I beg you
Give it to me
Give it to me, I ask you
Let me be free to want you
Let it be me, I beg you
Give it to me
Let it be me
Oh, let it be me
