Last Call

Spyro Gyra

Last call
Orders Please
Then be on your way before your â€“ on your knees
Heartache is the stumble â€“ Comes before the fall
Drinkâ€™em up boys â€“ Last call

Know ones home
She got tired of waiting on you â€“ All alone
You use to have her number â€“ You use to have it all
Hang up thereâ€™s no answer â€“ Last call

You never count the steps â€“ Till you hit the wall
Before you learn to walk â€“ You may have to learn to crawl

(Music Solo)

You never count the steps â€“ Till you hit the wall
Before you learn to walk â€“ You may have to learn to crawl

Last call
Pay your dues
You can only play the game if you can stand to lose
Time to make your choice â€“ careful how you choose
Remember what she told you
There ainâ€™t no happy ending to the blues
Thatâ€™s all
Last call
